Fresh Graduate in Information Technology from the Vocational Faculty of Brawijaya University with Cum Laude honors (GPA 3.90/4.00). Passionate about Internet of Things (IoT), industrial digitalization, and system analysis, supported by hands-on experience in developing IoT solutions and web-based information systems. Experienced in designing and implementing IoT projects using ESP32, MQTT, RFID, sensor integration, ThingsBoard, and Blynk, as well as developing web applications using Laravel. Certified as an Internet of Things (IoT) Engineer by BNSP with strong analytical, problem-solving, and project coordination skills. Eager to contribute to IoT implementation, connected technologies, and digital transformation initiatives that improve operational efficiency and business performance.

EDUCATION

Brawijaya University **2023 - 2026**
Associate Degree in Information Technology
GPA: 3.90 / 4.00 (Cum Laude)

Universiti Teknologi Petronas (UTP) **Sept 2024**
Student Exchange | Malaysia

- Represented Brawijaya University in an international academic exchange program focused on technology, engineering, and innovation.
- Participated in intensive short courses covering Virtual Reality (VR), STEM education, industrial automation, and emerging technologies.
- Explored Petronas industrial operations through technical site visits, gaining insights into automation systems, engineering, and digital technologies used in the oil and gas industry.

PROFESSIONAL EXPERIENCE

Dewan Pertimbangan Presiden **Jan - March 2026**
IT System Analyst Intern | Kementerian Sekretariat Negara RI - Jakarta

- Designed and developed SIAPRO (Sistem Informasi Acara dan Protokol), a web-based information system built with the Laravel framework, to replace manual spreadsheet-based processes.
- Analyzed business processes within the Protocol Division and identified opportunities for digital transformation.
- Delivered a web-based monitoring system for council activities and protocol assignments to improve operational efficiency and reporting accuracy.

PT CMLABS INDONESIA DIGITAL **July 2025 - Jan 2026**
IT Project Manager & Frontend Developer Intern | Malang

- Led project coordination and task management during the development of a Content Management System (CMS)
- Developed responsive user interfaces using Next.js and modern frontend development

CERTIFICATION AND LICENSES

Internet of Things Device Engineer **12 Jan 2026**
Badan Nasional Sertifikasi Profesi (BNSP)

- Certified in IoT system development, sensor integration, embedded systems, and implementation of connected technology solutions.

Introduction to IoT and Digital Transformation **26 Aug 2025**
Cisco Networking Academy

- Developed foundational knowledge of IoT ecosystems, automation technologies, connectivity, and digital transformation strategies.

Microsoft Azure AI Fundamentals (AI-900) **26 Sept 2025**
Microsoft

- Validated understanding of Artificial Intelligence, Machine Learning, Computer Vision, Natural Language Processing, and Azure AI services.

Introduction to Cybersecurity **29 May 2025**
Cisco Networking Academy

- Acquired fundamental knowledge of cybersecurity principles, threat awareness, network security, and risk mitigation practices.

Artificial Intelligence Fundamentals **09 Oct 2025**
Dicoding Indonesia

- Learned core concepts of Artificial Intelligence, Machine Learning, Deep Learning, and practical AI applications across various industries.

Microsoft Office Desktop Application **02 Dec 2025**
Trust Training Partners (Microsoft Learning Partner)

- Demonstrated proficiency in Microsoft Office applications for business documentation, data processing, reporting, and professional workplace productivity.

ORGANIZATIONAL EXPERIENCE

Eksekutif Mahasiswa Universitas Brawijaya **Aug - Dec 2024**
Staff Kementerian Badan Usaha Milik Mahasiswa

- Supported programs aimed at empowering student-led businesses through entrepreneurship development initiatives.
- Collaborated with cross-functional teams in planning and executing student development programs

Unit Aktivitas Bola Basket UABB Universitas Brawijaya **16 Aug 2024**
Sponsorship Staff - Brawnation 3x3 National Basketball Tournament

- Secured sponsorships worth more than IDR 15 million, contributing approximately 75% of the event's funding target.
- Assisted in proposal preparation, sponsorship acquisition, and partnership coordination to ensure successful event execution.

SKILLS

Languages : Bahasa Indonesia (Native), English (Intermediate).

Software Tools : Arduino IDE, Antigravity, Vscode, Github, Microsoft Office, Figma, Canva.

Technical Skills :
- IoT & Embedded: ESP32, MQTT, ThingsBoard, Blynk, Firmware Development, Sensor Integration.
- Programming Languages: PHP, Javascript, C++ (Arduino), SQL.
- Frameworks & Technologies: Laravel, Next.Js, RESTAPI.
- Database: MySQL

Soft Skills : Project Coordination, Decision Making, Requirement Analysis, Time Management, Leadership, Business Development, Attention to Detail, Team Collaboration.
